

# Ada's Kids | Vision 2030 Learning

## Portal

Empowering the Next Generation of Learners

A modern educational platform designed to transform learning experiences for Saudi students through AI-powered, culturally relevant tutoring.

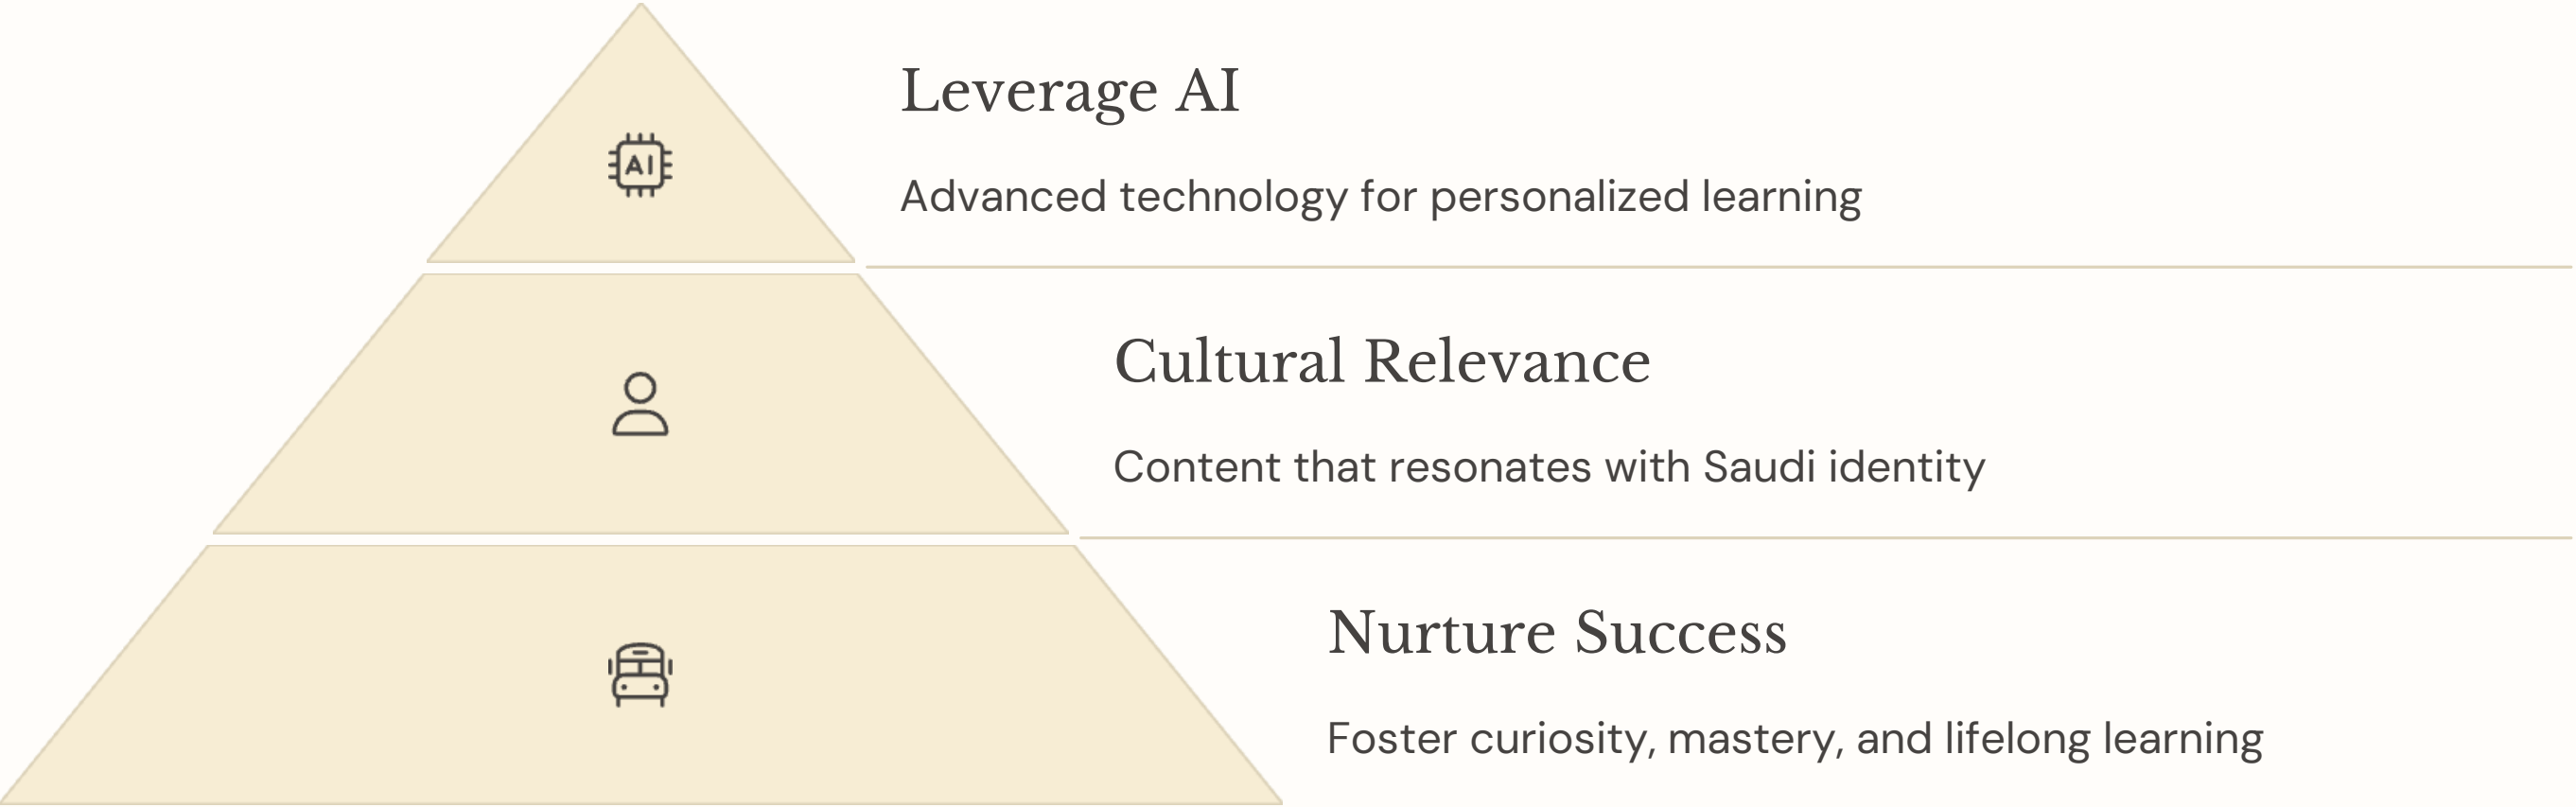

**by Ryan Buchanan**

# Our Vision

A world where every child has access to joyful, personalized learning and a caring mentor—no matter their location or background.

# Our Mission

# Why Ada's Kids?

## Engagement Gap

Traditional education lacks personalization and relevance.

## Students Left Behind

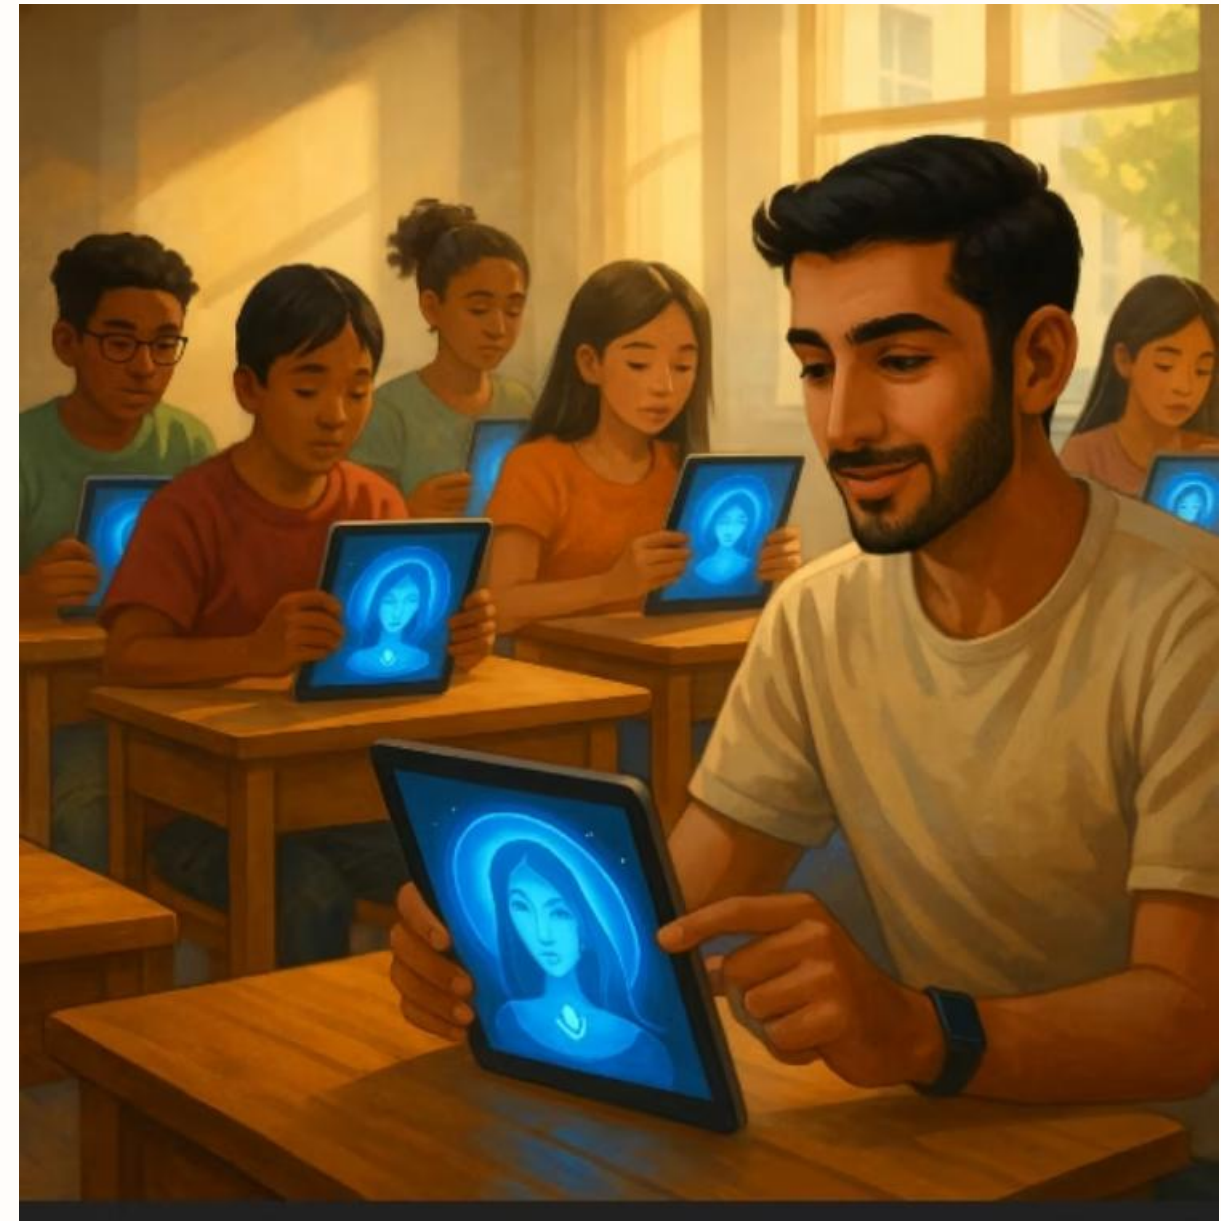

Millions miss out due to one-size-fits-all approaches.

## Overwhelmed

### Teachers

Educators need support tools to meet diverse student needs.

# Our Solution

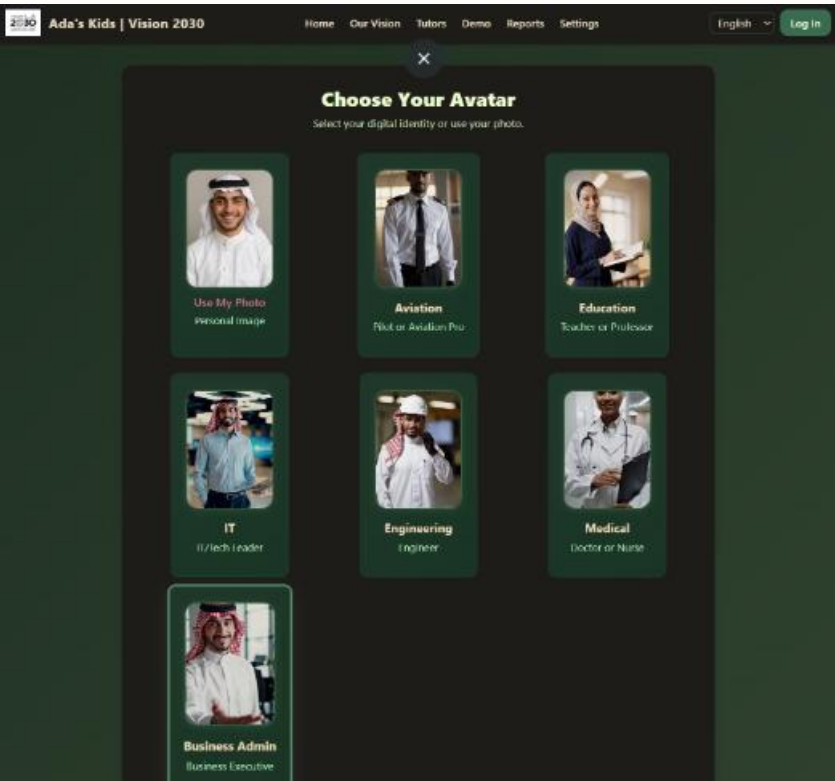

## AI-Powered Learning

Multilingual portal tailored specifically for Saudi students.

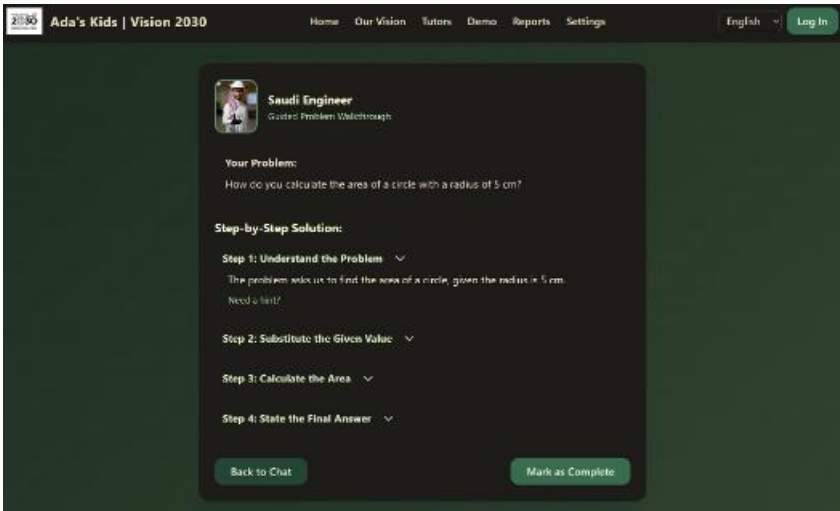

## Cultural Tutors

Professional AI avatars representing Saudi engineers, educators, and more.

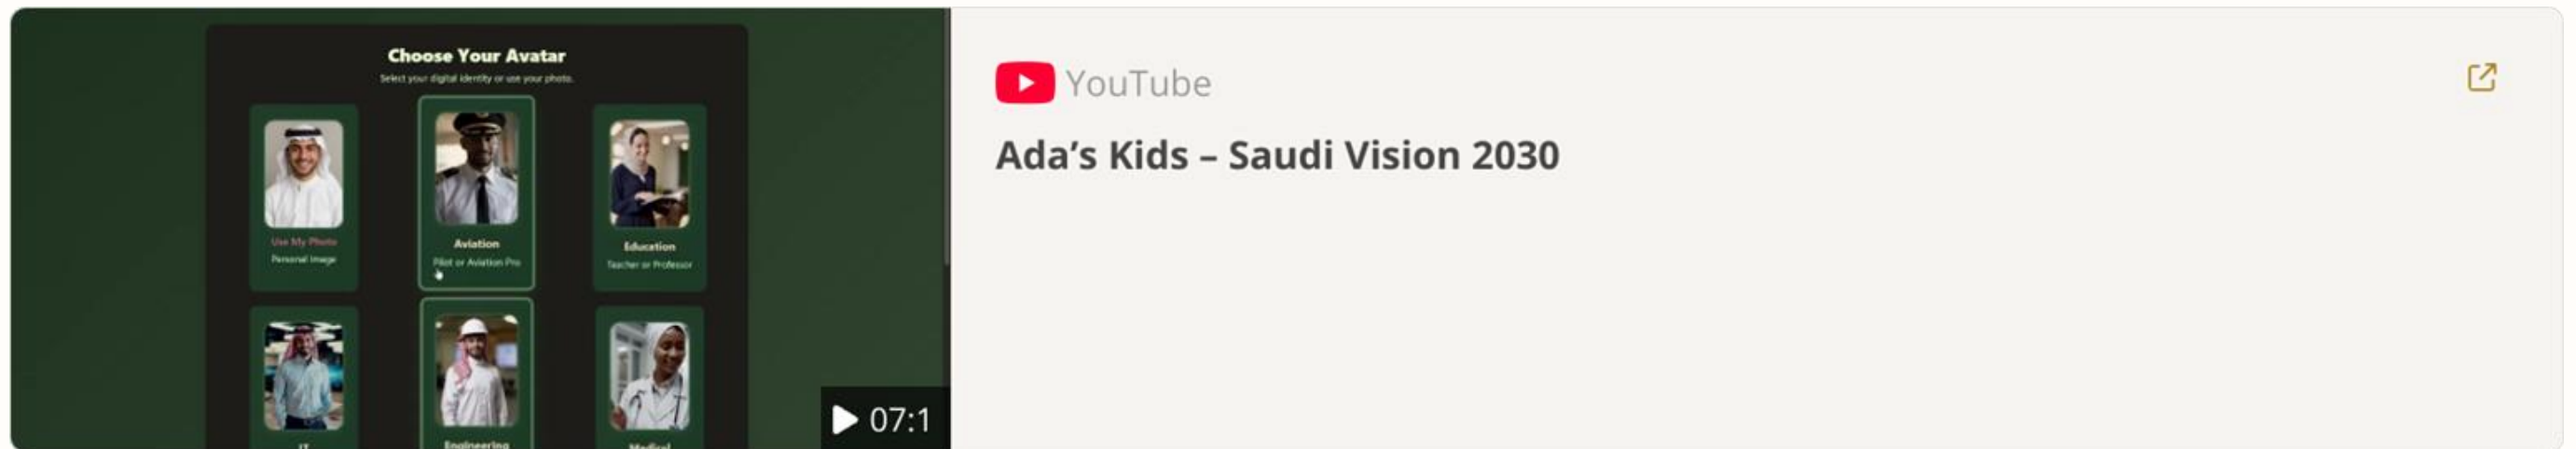

## Personalized Experience

Real-time feedback and joyful learning paths for every student.

# Video Demo

See Ada's Kids in action—a seamless, engaging, and culturally resonant experience.

# Key Features

## Multilingual

Arabic, English, with more languages coming soon.

## Adaptive Learning

Content adjusts to each student's pace and learning style.

## Progress Tracking

Comprehensive dashboards for students, parents, and schools.

## Secure & Scalable

Privacy-focused design for classroom or home environments.

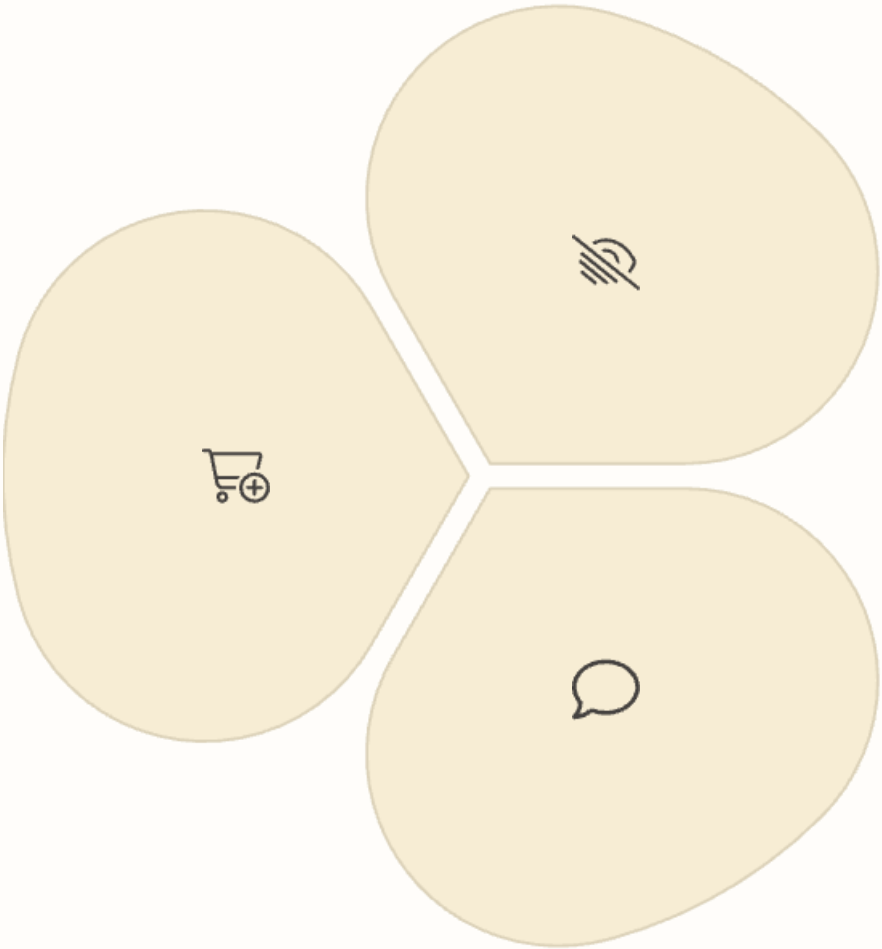

# Market & Impact

## Growing EdTech

Expanding demand across Saudi Arabia and MENA region.

## Market

## Vision 2030 Alignment

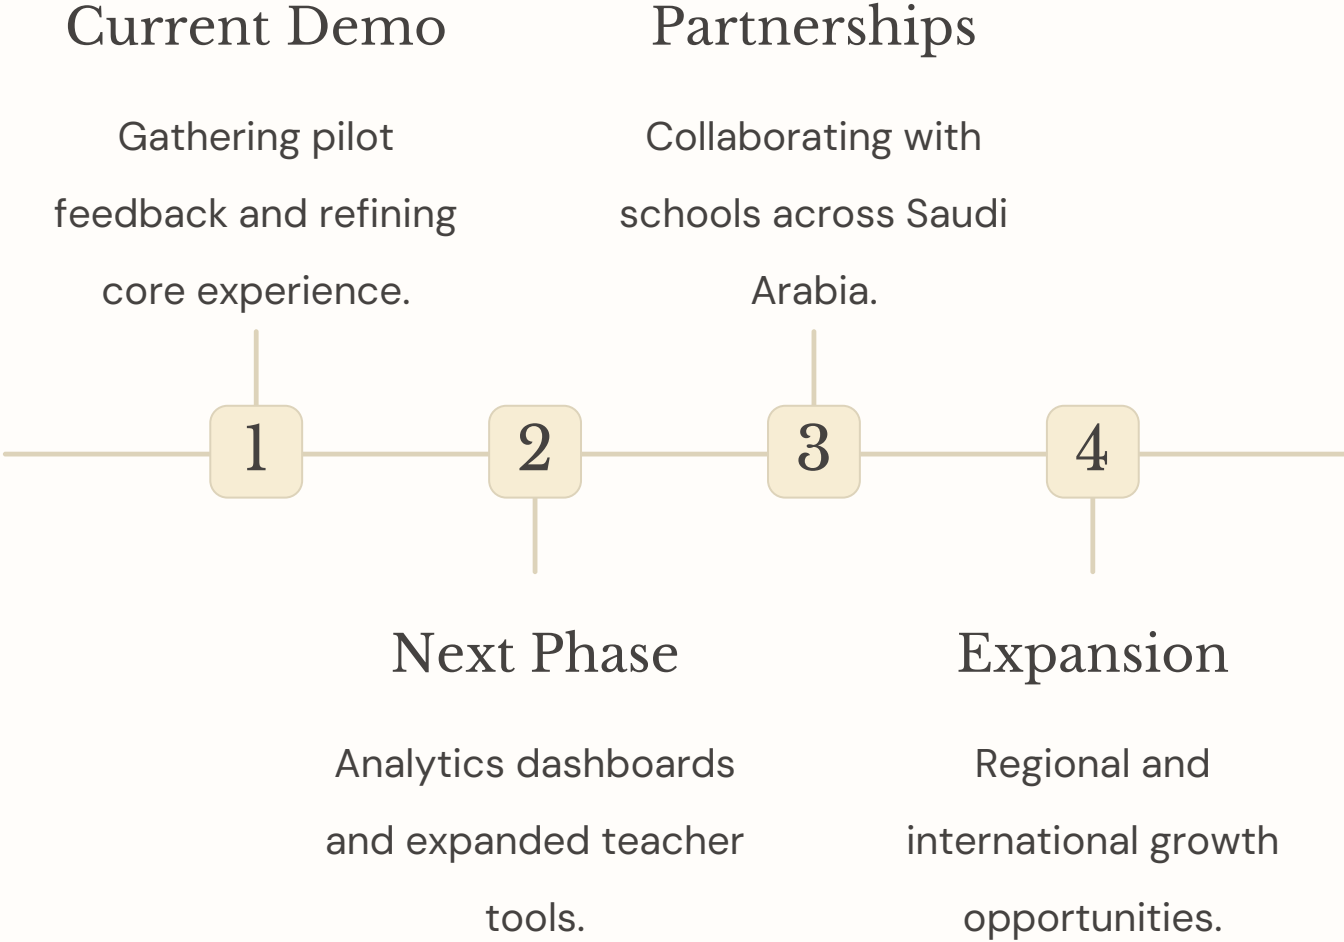

Supporting youth empowerment and digital transformation goals.

## Measurable Outcomes

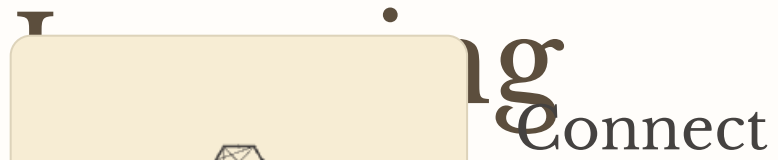

Tracking engagement, retention, and academic growth.
